To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Abigail Nochimson. Miss Nochimson was a student teacher in my classroom from April 13, 2023 thru May 10, 2023. During this time, she was responsible for the education and well-being of twenty six fourth grade students. I am certain that she would be a great asset to your school district at any grade level.

Miss Nochimson is a motivated, organized teacher who created inspiring relationships with not only her students, but with her fellow teachers, parents, and authority figures. She is a natural teacher and her upbeat personality and passion for teaching is sincere.

Miss Nochimson was not only flexible in schedule changes, she was also conscientious about her responsibilities and duties. In addition, she excelled in facilitating both whole group and small group lessons, creating valid formative assessments, and focusing on differentiated instruction. Her lessons were well-constructed and developed. She presented the material with ease and enthusiasm and the students reacted positively to her innovated ideas.

Miss Nochimson also used technology in her activities through Schoology and Clever, and created student-led lessons. She also took on extra responsibilities and duties by attending faculty meetings, and before school technology conferences.

I recommend Abigail to you without reservation. She would be a great addition to your staff.

If you have any further questions with regard to her background or qualification, please do not hesitate to contact me.

Sincerely,

Christina Doll
